

ABBOUD SAID

Junior Software Developer

Stockholm, Sweden | +46 728 681 785 | abboudsaid6@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Junior Software Developer with a Bachelor's degree in Computer and Information Sciences (Örebro University, 2025) and a full-stack development internship building React/JavaScript applications with SQL-backed data pipelines. Comfortable across Java, C#, .NET, React, Node.js/Express, and relational databases, with hands-on Agile/Scrum experience from both academic and internship settings. Nationally ranked #1 seller in a target-driven retail role, reflecting strong drive and results-orientation alongside ongoing self-directed technical development.

EXPERIENCE

Sales Associate & Warehouse Manager — Jack & Jones

Jul 2025 – Present

Stockholm, Sweden

- Ranked #1 seller nationally among all Jack & Jones sales staff in Sweden, per internal company sales reports.
- Managed warehouse operations alongside sales duties, including stock accuracy, replenishment, and inventory organization.
- Operated in a fast-paced, target-driven environment, developing reliability, time-management, and cross-functional coordination skills directly transferable to Agile team environments.

Software Development Intern — React.js / Full Stack, DunderDog AB

Jan 2023 – Jun 2023

Academic internship, completed as part of Bachelor's degree · Stockholm, Sweden

- Developed and optimized frontend components using React.js and modern JavaScript, integrating with client-facing backend services.
- Built data pipelines and managed frontend-backend communication using RESTful API concepts and asynchronous data flow.
- Optimized database queries and modeled relational data schemas to improve data storage and retrieval efficiency.
- Contributed to sprint planning, daily stand-ups, and peer code reviews within an Agile Scrum team.

PROJECTS

StyleAI — Clothing Price Comparison App

2026

Live: [styleai-backend-eta.vercel.app](#) · Node.js, Express.js, SQLite3, JavaScript (ES6+), HTML5/CSS3

- Built and deployed a web app that compares clothing prices across multiple online stores to help users find the best price, hosted live on Vercel.
- Designed the backend with Node.js, Express.js, and SQLite3 to store and query pricing data from a configurable set of retailer sources.
- Currently an early-stage version covering a test set of stores; actively expanding store coverage toward a full multi-retailer comparison tool.

SKILLS DEVELOPMENT (SELF-DIRECTED)

- Actively focused on learning AI-assisted development tools in real workflows — primarily Claude (Claude Code, Cowork), alongside Gemini, Windsurf, and Cursor.

EDUCATION

Bachelor's Degree, Computer and Information Sciences

Jan 2021 – Jun 2025

Örebro University

- Focus on systems development, object-oriented programming, and database systems.
- Coursework: Java, C#, SQL, web development (HTML, CSS, JavaScript); Agile-based academic team projects.

TECHNICAL SKILLS

Languages & Frameworks: Java, C#, .NET (Core, MVC, Framework), JavaScript (ES6+), React, Node.js, Express.js, HTML5, CSS3, Python, SQL, SQLite3

Tools & Practices: Git/GitHub, npm, CI/CD, Code Reviews, Sprint Planning, Scrum/Agile, Data Modeling, Visual Studio / VS Code

AI-Assisted Development: Claude Code, Claude (Cowork), Gemini, Windsurf, Cursor (learning)

Languages: Swedish, English, Arabic
